ATTENTION: ALL 2020 Well Intervention Exhibitors

2020 NO GROWTH EXHIBIT SPACE RESTRICTION

Due to the demand for exhibit space at Well Intervention a business decision was made to continue restrictions on exhibit space. SPE continues to review exhibit options while keeping the primary focus on what is best for Well Intervention overall and its participants.

Please be advised of the following restriction that will be in effect for 2020:

- Exhibiting companies will be restricted to their current square footage (space they had in 2019).
- New companies will be restricted to 100 square feet.
- In order to maintain the integrity of the Well Intervention Space Assignment Process, these restrictions will be uniformly enforced to all exhibitors with no exceptions permitted. Should the restrictions be lifted we will notify exhibiting companies.

***SPE/ICoTA appreciates your ongoing support of this premier event.
We look forward to working with you on another successful
SPE/ICoTA Well Intervention Conference in 2020!***
